

One is Not Enough: Empowering Students to Generate Multiple Strategies to Solve Math Problems

AAGT Conference
February 2, 2018
Sue Norton-Scott, presenter

Why Math Olympiads?

How does it work? Why is it great for gifted students?

Teacher-made video: *The Value of Math Olympiads* (3.5 minutes)

Let's have fun!

Time to work on contest problems individually, then present using 5-step method

1. Who will read the question?
2. Group presents solutions
3. "Are there any questions?"
4. "Did anyone solve it in a different way?"
5. "Who would like to go next?"

5 Ways, 5 Plays: a student-made video about 5 ways to solve a challenging Math Olympiad problem. 14 minutes. Available for viewing and downloadable onto your own computer in the iTunes podcast format!
